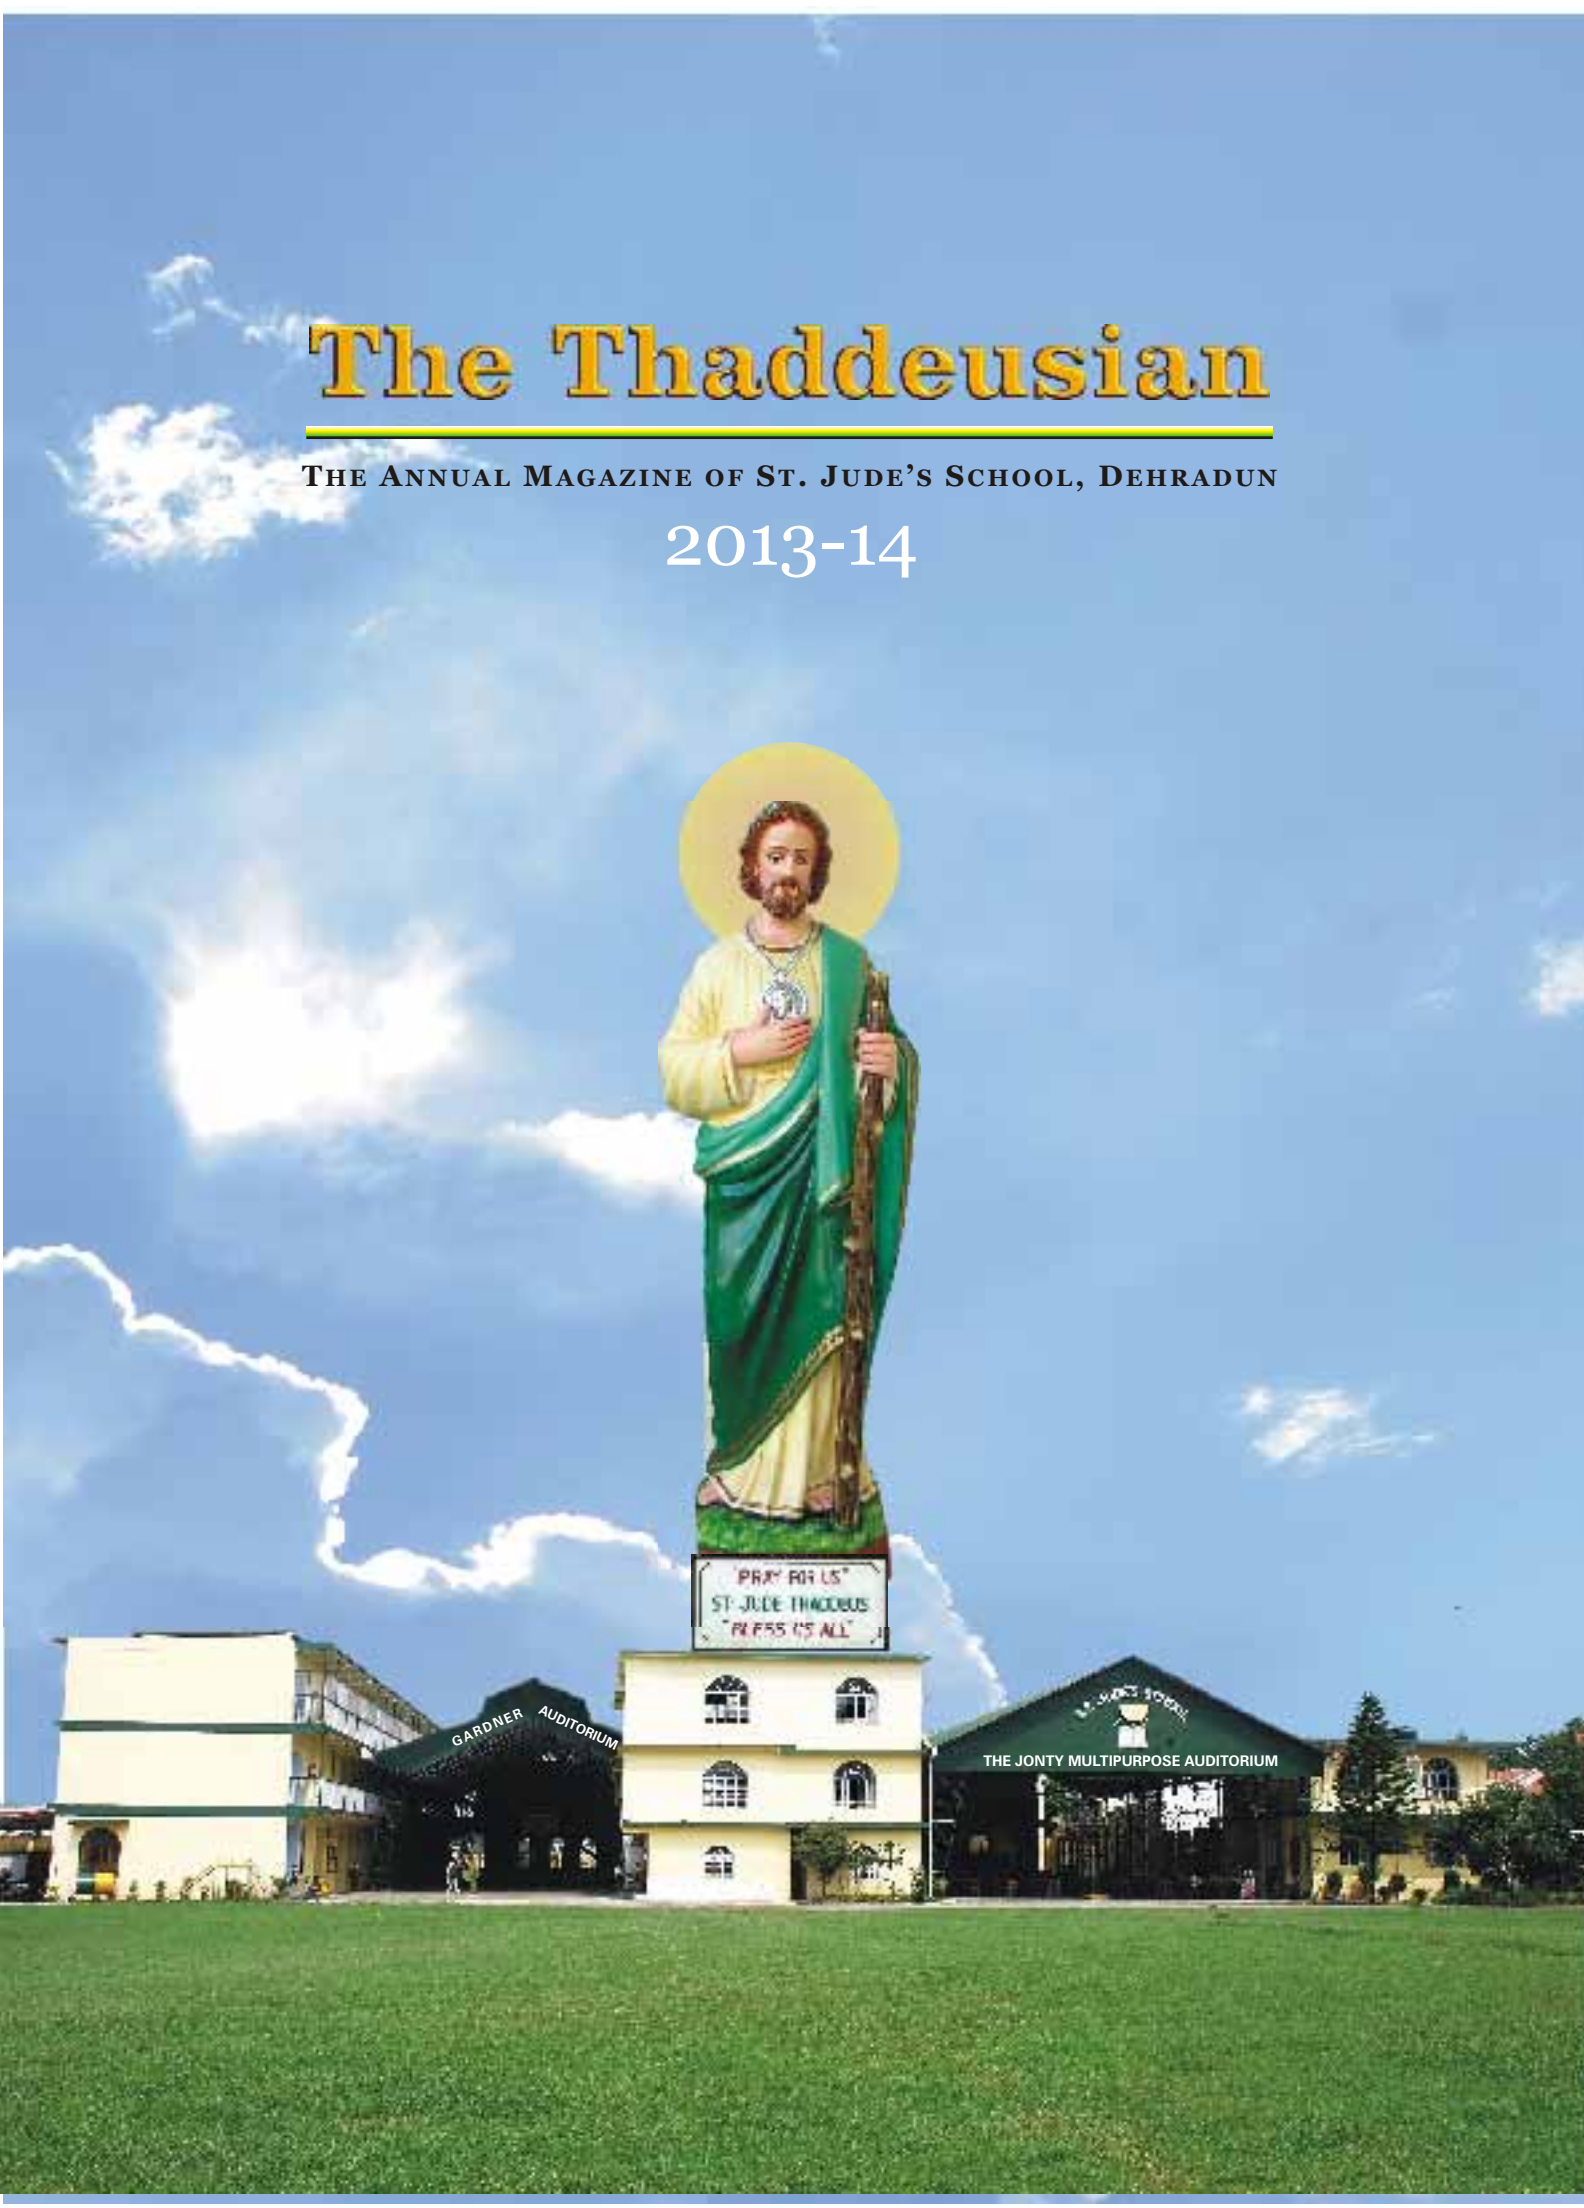
The Thaddeusian

THE ANNUAL MAGAZINE OF ST. JUDE'S SCHOOL, DEHRADUN

2013-14



Editorial

– Ms. Michelle Gardner
Vice-Principal

Dear Students, Parents and Well Wishers; we hope you enjoy flipping through the colourful pages which are a reminder of yet another memorable and special year for us.

A year that saw new buildings being constructed, a new Cafe, excellent academic results as well as outstanding achievements both on the stage and the field.

It's also been a year when our state experienced a tragic natural disaster. We stood by our people and began Project Vidya and adopted a village called Saturi and we have travelled many hours to ensure our village gets the help it requires.

We have become aware of our surroundings and will work hard to ensure a better future for the generations to come. Be it garbage on the road or traffic light not working. There is a new found awareness and a need to be the change that has become a priority within the Thaddeusian family.

This year's magazine is dedicated to the inconvenient truth of Global Warming. I turned my attention to Global Warming as I personally have experienced significant changes in weather patterns all over the world that perhaps no one can deny, freak weather, flooding, the seasons getting mixed up to me are alarm bells that are ringing loud enough for me to sit up and take notice. We must observe, analyze, introspect and then be ready to act in order to ensure the future generation will be able to experience and appreciate nature like we have.

Our challenge today is that the number of natural disasters have increased by more than 4 times in the last 20 years. Our planet, as aptly expressed by Prince Charles, is like a dying patient.

Our leaders now must aggressively attempt to reduce greenhouse gas emission. The common man must now be forced to make changes for the greater good of mankind. Governments the world over must invest in planning to lessen the impact of climate change.

I hope our theme for this year's dividers will empower our students with the powerful tool, knowledge; they must analyse and decide for themselves if our situation is indeed grave and if it is, we must leave no stone unturned in our quest for a world that is safe and that we continue to treasure and look after.

We would also like to let you know we are working on a website: www.stjudes.co.in. The website is under construction and soon we hope it will provide our school and its family of students, teachers, parent and well wishers with an identity as well as a platform to interact regularly with us.

We hope you enjoy this edition of *The Thaddeusian*. Please feel free to email your feedback and suggestions at: stjudeschool@rediffmail.com.

I would thank Mr. Deepender Mehra, Mr. G.S. Bartwal, our team of Teachers & Students, Mr. R.V. Gardner and the Jain family at Vikalp Printers for their valuable help, guidance and support.

Here's hoping that the year 2014 is your best year ever. God Bless.

Principal's Annual Report

– Read during the 20th Annual Speech & Prize Day, 2013-14, held on 10th May, 2014

In the last 20 years our School has grown in a very positive way. At St. Jude's we have 3478 students getting education under 127 Teaching staff with 48 Support staff and Ayahs.

We try and help as many students as we can and assist Parents in their needs. We provide free education to the

Kargil War martyrs

Martyrs of the Uttarakhand Movement for a separate State

For the children who suffered due to the 'Himalayan Tsunami' on 16th June 2013

and also to the students whose parents are going through financial loss, separation and tragedies.

200 students get 100% fee concession, 185 students get 50% fee concession and our Staff wards get free education.

I am proud to announce that this year the total Academic Prize Winners from Nur. to Class XII are 384.

I would like to congratulate our ICSE and ISC students, Teachers and Parents for the excellent Board Results, 2014.

SJS achieved 100% result in ICSE (Class X) and the average percentage was 80. Out of 177 students 26 students achieved above 90% and 34 students between 85-90%.

Our Top scorer in ICSE was Varun Gupta who got 97% followed by Ritika Srivastava with 96%.

In ISC (Class XII) out of 158 students who appeared, our average Class percentage was 79. 27 students scored above 90% and 14 students scored between 85 and 90%.

Siddharth Negi topped by scoring 97.2%.

As per the Magazine 'Education World' of September 2013, St. Jude's School's National Ranking when taking into account English and the Best 3 Subjects is 39th in regards to the number of students who have achieved 90% and above, amongst the best 100 Schools as per the ISC - 2013 Results in the country. There are 1835 ISC Schools in the country. Well done Thaddeusians!

Thank you Ms. Michelle and all my Senior Teachers who work so hard to bring all the students to this level.

To further upgrade our education system, we have introduced TeachNext Education system in 36 class rooms. Audio-visual material arouses learner's interest. Students get to develop a learning habit when the teaching method or medium appear real to them and are not abstract. The material helps the teacher or the instructor to present

his/her lessons clearly and effectively and this in turn catches the attention of the pupils.

St. Jude's also hosts the annual Academic and Creative Festival 'MindSpree' organised by our Vice Principal Ms. Michelle Gardner. It includes Debate, Art, Mega Poster Making, Quiz, ProwerPoint Presentation and Singing.

During the tragic time when our hills were hit by the unprecedented tragedy – we tried to help our fellow members. These words guided us:

"Can I see another's woe,
and not be in sorrow too?
Can I see another's grief,
and not seek for kind relief?

St. Jude's School has undertaken 'Project Vidya' (in memory of Vidya Bisht, a very special child of Class XII who lost her battle to cancer on the 3rd of August 2013). Project Vidya is a special project for the people of Uttarakhand.

There is a lot to be done and lot that can be done together. Project Vidya began with a team of School Staff and students along with Ms. Michelle Gardner (Vice Principal, St. Jude's School) and Max Chandra (Founder, 'One Step At A Time' charitable foundation). Mrs. Seema Singh, Mrs. Reema Saklani, Mr. K. Sundriyal, Mrs. R. Dwivedi and some Support Staff travelled to Gangdaspur and distributed ration and other necessary commodities to 200 families who had been displaced due to the disaster.

A bus full of supplies donated by the parents and students of St. Jude's School cautiously made its way to Jakol and then to the adopted village, Saturi. Our team encountered crumbling hills, landslides and broken roads. The road from Mori to Jakol was exceptionally dangerous.

Two steep hills with sheer drops is what the team encountered. They eventually reached 'Saturi' which is our Project Vidya. Rations were distributed but it was soon clear that our school cannot do more. Too much has to be done. Our hills need our prayers.

This State is ours, some of our hills are crumbing, it is dangerous to live there, we are taking the first few steps to help our people. Do join us in our efforts. The task is difficult but necessary and together I am sure we will be able to make a difference.

Our school has grown. Number of students has increased, hence the buildings and labs had to be renovated to accommodate the students. I would like to thank our President, Mr. R.V. Gardner for providing us with two new blocks, Michelle Block and Jude Block which include 16 class rooms, a Staff room, a big Library for the Junior School , a fully equipped Computer Lab and a new Physics Lab for the Senior School.

Our students interact with the students of other schools; they take part in Debates, Quizzes, Competitions and Games. We do not always win but that does not really matter; the aim of St. Jude's School is to give an all-round development to our students where each can feel proud of himself or herself, be confident and know that they are contributing in enriching our society and country.

Games play a very important part in our curriculum. We have been organizing games daily after School – Cricket, Football, Basketball, Chess, Badminton and Table Tennis are some games that are enjoyed by our students daily.

Our School organizes Council Inter-School Sub-Junior Outdoor Cricket and Inter-School Sub-Junior Boys Indoor Cricket Tournaments.

I would like to thank the parents who understand the need of Games and Sports and allow their children to stay back after school. There are many parents who prefer to send their wards for tuition instead; that is their way of thinking.

I want to thank my Vice Principal Ms. M. Gardner, my Coordinators Mr. K. Sundriyal, Mrs. Amita Chaudhary, Mrs. G. Kohli and all the Teachers for the hard work they have put in during the year. I am blessed with wonderful and caring teachers who work as a team for the School. Thank you Teachers; I appreciate all that you do.

I would like to congratulate:

My Vice Principal and the Coordinators for the excellent presentation at all our functions.

Mrs. Seema Singh and Mrs. Reema Saklani for all the many, many hours they spend in making every occasion special with their artistic skill, creativity and zeal to work for hours – thank you ladies.

All the teachers who helped in making costumes and props and train our students for Quizzes, Debates, Theatre and Sports.

Our Dance Teachers Mrs. Shama Kukreja and Mr. Wilson for the tremendous performances they continue to put up.

Our Computer Teacher Mrs. Tripta Pant for the PowerPoint Presentation.

The PTIs Mr. Rawat, Mr. Bhatt and Mrs. L. Tripathi for seeing to the discipline and running of games fixtures throughout the year.

The Office Staff of STC specially Mr. Malkoti and Mr. Peter Howard, for coordinating with our team at SJS.

My own Office Staff especially Mr. D. Purohit and Mr. D.S. Mehra.

The Parents for allowing their children to come for practice which is always after school hours.

Our Estate Incharge Mr. D. Malcom and Mr. A.S. Rawat.

Our Support Staff who help out wherever required.

The President Mr. R.V. Gardner who is always here to guide us.

Congratulations!

Gardner House Report

2013-14

"NEVER GIVE IN"

GARDNER HOUSE

House Master:
Mr. R. Singh

House Mistress:
Mrs. R. Dwivedi

" The will to win, the desire to succeed, the urge to reach your full potential... these are the keys that will unlock the door of excellence. "

The year 2013-14 has been the most successful year for Gardner House. We started the year with determination and zeal by following the House motto 'Never Give In'. Within few weeks of the new academic year, our House Prefects were chosen: Carlton Scott and Vikash Thapa were chosen as the Boys' prefects with Juhi Chaurasia and Urvashi Rawat as the Girls' prefects.

The yearly events on the field commenced with football. We did not do that well in football but we fought back and our teams played very well in the Indoor Games. We emerged victorious by grabbing both, the Chess Cup and the Table Tennis Cup.

Having had joyous moments we also had disappointing times especially in Indoor and Outdoor cricket, but our high spirited players lived up well in basketball. They stepped into the basketball court with determination. Our boys played extremely well and we won the Basketball Trophy for boys.

In the 'Rendezvous Quiz 2013-14' we stood 1st in Group Discussion. Our singers' flawless performances left the audience awestruck in the ILG Mann Inter-House Singing Competition. We stood first in all the three categories. Special mention has to be made of Carlton Scott , Vikash Thapa and Arzoo who sang beautifully to bag the 1st position.

Our House also bagged the 1st position in the Inter-House Dance Competition. We stood first both in Folk Dance and Western Dance Competition.

In the Marathon, Ouas Andotra made us proud by bagging the 2nd position in the Girls category.

The last major event of the year, Athletics, finally arrived. Our players tried hard and put in their best but we could not do well though we were adjudged the Best Marching Squad in the boys category and we also won the Tug-o-War.

After a fruitful year, on Prize Day, Gardner House was the proud winner of the 'Cock House Trophy' - the highest award for a House.

At the end, we couldn't say that this was Gardner House at its best, as we believe there is always room for improvement and also that "Success in not a destination, it is a journey."

We would like to thank all our House Teachers for their help and support throughout the year.

"DEFENCE NOT DEFIANCE"

HOWARD HOUSE

House Master:
Mr. J.S. Panwar

House Mistress:
Mrs. G. Arya

"It does not matter how many times you fall;
what matters is how many time you got up."

This is what Howard House is known for. This year also, Howard House started its journey with same zest and gusto for victory.

The year 2013-14 started off with Howard House bagging the 2nd position in Folk Dance Competition and 3rd position in Inter-House Western Dance competition. The dance moves of the Howard House were matchless and precise.

This was followed by One-Act Play (Seniors) in which Howard House was not able to bag any position but still put up a great show.

The 19th of October 2013 proved to be a day of Howard House as we stood first overall in Marathon in both boys and girls category. Thus Howard House added one more feather to its cap.

Proceeding further, the year's end marked a new achievement for Howard House as it won the prestigious and the grand Cock House Trophy. Howard House thus again proved its mettle.

Then came Carol Singing Competition in which our Singers again brought laurels to their House as in the category of Solo Singing we stood 2nd, in Duet Singing we stood 2nd and in Group Singing we came 3rd.

In the One-Act Play held on the 15th of February 2014 the budding actors of Howard House showed their acting skills stunning everyone and won the 1st position along with Lyons House.

The Academic Year 2013-14 was a mixed one for Howard House; some goals were scored while others were missed. But nevertheless we will still continue to strive and do our best becoming stronger each time.

Khanna House Report

2013-14

"TO GREATER HEIGHTS"

KHANNA HOUSE

House Master:
Mr. B.S. Bisht

House Mistress:
Mrs. S.S. Khanduri

The Academic Year 2013-14 was full of excitement, thrill and enthusiasm for Khanna House. This year Khanna House started off with a great pressure to retain its legacy. In the past Khanna House excelled in every field in tune with its House motto: "To Greater Heights".

The year began with the selection of the House Prefects. This year Khanna House was represented by Vardaan Singh and Shawn Dias as Boys' prefects and Aishwarya Goya and Romola Massey as Girls' prefects.

The new session began with Inter-House Badminton for boys and girls in April, and Khanna House got the second position in the points tally.

In the month of May, there were three Inter-House competitions – Chess, Table Tennis and Indoor Cricket. Khanna House performed satisfactorily in these games and got the 2nd, 3rd and 1st position, respectively.

In July, when school reopened after the summer vacations, there were Inter-House Basketball and Football waiting for the students. Then, it came the biggest event of the year, Sports Day, in November. Khanna House performed well in the heats in October but Howard House was too good to beat. It was to our bad luck that we lost the Athletics Cup after seven years.

This year too we had Inter-House Quiz competitions like 'BrainStrain' for Middle School and 'Rendezvous' for Senior School. Khanna House performed well in these events, but in spite off all efforts, our team could not succeed.

In August, we had Inter-House Dance competitions in which our Middle School group got 3rd position in Folk Dance and Senior School stood fourth in Western Dance category. In the One-Act Play competition, our Middle School stood 2nd and Senior School got 3rd position. Overall it was a satisfactory performance by Khanna House this year and hope that we would overcome our mistakes.

At the end, we thank our House teachers who guided us the whole year. We wish our House all the best and hope that in future we would continue to live up to our motto "To Greater Heights".

Lyons House Report

2013-14

"UNITY IS STRENGTH"

LYONS HOUSE

House Master:
Mr. A. Singh

House Mistress:
Mrs. S. Kaul

The Academic Year 2013-14 was an eventful year for Lyons House with many experiences and ups and downs.

The year began with the swearing-in ceremony of the new prefects of the school and the appointees for Lyons House were: Pranjal Singh Rohilla and Satpal Singh among the boys and we had Swarnim Kapoor and Vidya Bisht among the girls.

It was a sad phase for the House when we lost our Prefect Vidya Bisht during the year. She was a star of Lyons House – a beautiful singer, dancer, orator but above all a source of inspiration for all. After her demise we had to ask Lovely Kumari to take up her responsibilities.

As the year proceeded we had various House tournaments and Lyons House emerged as the winner of the Basketball and Outdoor Cricket Tournament. Although our star players played with great zeal and enthusiasm yet we had to satisfy with the runner-up positions in the Indoor Cricket, Badminton and Chess. This year we have made it a point to improve our positions even in Football and Table Tennis for a better competition.

During the month of October we were all engrossed with the sports events which began with the marathon and once again Lyons House excelled with Ina Rayal and Tasir Ali winning their segments, along with superb contribution from the fellow Lyonites viz. Ayushi Barthwal, Ayushi Bhandari. Shubham Mishra, Amulya Singh and Akash Thapliyal. Lyons House managed to get the 2nd and 3rd position in both the categories. On the Sports Day we won many events and the medal won by Shubham Mishra and Akash Thapliyal made the Lyons House stand on a firm ground. Lyons House even won the 'Best Girls' Marching Squad'.

The next list of events included the stage activities where we excelled. In the Inter-House Dance Competition Garima Dora's efforts made the House grab the 2nd position. With the brilliant performances by Akash Singh and Amulya Singh, Lyons House won the Senior One-Act Play Competition. Under the guidance of Ina Rayal and Mukul Raturi, Lyons House even won the Junior One-Act Play Competition.

We participated in various quiz and debating activities and made our presence felt strongly, especially in the 'Rendezvous' and 'BrainStrain'.

In November, we had the ILG Mann Singing Competition in which we won the Choir category and were runners-up in the Duet and the Solo categories.

In December, the Christmas season was celebrated with the Carol Singing Competition in which Lyons House won the Duet and Choir categories. Our star singers for these two events were Damanjeet Singh, Asma, Jabez and Akash Singh.

We ended the year on a positive note. Our heartfelt thanks to all our House teachers, our PTIs and singing and dace teachers for training the students well.

Chess is a game that requires strategy, patience and presence of mind.

The Inter-School Chess Tournament was held at the Ann Mary school on August 17, 2013. Like most of the previous years, this year's tournament too was also looked forward to by most of the children as it helps the students showcase their talent.

Inter-House Senior Table Tennis

(Girls & Boys)

Table Tennis has recently developed into a passion amongst the Thaddeusians and is now becoming one of the most enthusiastically played game among the students of St. Jude's School.

St. Jude's provides an equal platform to Girls and Boys. As per their final results, Howard House topped the points tally in the Boys category as well as in the Girls category.

There was a tough competition among the other three Houses to get to the top position in the points tally.

The final results were: Howard House stood first with a clean sweep followed in the second position by Khanna House and Gardner House and although Lyons House played well it stood fourth.

The participation from the students was really amazing. This year another table has been added for more exposure to our young champions. We expect more budding stars to show their talent in the years to come.

In order to find the best football players in the school and keeping in mind the forthcoming Inter-School matches, a series of challenging matches were played amongst the four Houses of the school – Gardner, Howard, Khanna and Lyons.

In the midst of the exciting matches that were played, some players like Harshit Chaudhary emerged as stars and made their mark. Sometimes teams lost by a solitary goal scored in the last few minutes of the game. There were some injuries as well but the passion with which the players played was commendable.

RISING SEA LEVEL

Greenland's rapid loss of ice means we're in for a rise of at least one metre in sea level by 2100, and possibly much more.

School Fete

St. Jude's organized a Fete – an extravaganza of sight and sound. Active participation under the able guidance of our teachers began well in advance as the students busied themselves thinking up noble ideas for games and preparing colourful charts, banners and other decorations. The much awaited day arrived with attractive stalls. Crowds started thronging the school grounds. There were mind-blowing varieties of stalls, computer game stalls, lip smacking eats, exciting games and thrilling joy ride. The major attractions was 'Jhoola Ghar'; the little ones had sheer fun on the small merry-go-round and mobiles. There were games like chocolate wheel and wheel of fortune.

The heart and soul of the Fete was the Jam Session. Good aiming skills could be seen at the Hoopla and hilling the pot. The jumble sale sported several useful items at reasonable prices.

The tiny-tots of Nursery and KG too did their bit and indeed gave away goodies in the bicky dip.

The Fete was a huge success and the amount of enjoyment each individual had proved the point for one and all. It was a day well spent.

The Inter-Class Senior School Chart Competition was a creative presentation by classes IX to XII. The competition brought out the interest, creativity and artistic talents of the children.

The colourful charts and beautiful craft work displayed in the classrooms were unique and exhibited the keen effort made by the students to brighten their classrooms.

The themes of the charts were structured on the various subjects included in the children's curriculum.

Each chart was extremely informative and conveyed a special message about the subject it dealt with.

Great effort is put in by the students, and each class is judged by our experienced judges. It's not just charts that are judged, the exercise books, corrections and tidiness are also looked into.

English Elocution – Middle School

"In the world's broad field of battle,
In the bivouac of life,
Be not like dumb, drivers cattle!
Be a hero in the strife!"

H.W. Longfellow through these lines tells the world that life is a battlefield in which human beings cannot afford to be submissive like a cattle but we should make the best use of the present through self-belief and trust in God and emerge as heroes. Poetry is one of the best arts which helps us to come out of our meekness and show the world our true colours by expressing our noble ideas in rhythmical language.

The Middle School English Elocution Competition was held on 18th September, 2013. There was a sense of uncertainty and anxiety among the students. All the participants recited their poems with a certain depth and sincerity. They created beautiful images that gratified our senses.

Our principal, Mrs. V.R. Gardner looked very glad after her blissful experience as she came up the stage to declare the results.

Mr. W. R. Gardner was born at Allahabad on the 1st of August 1941. He obtained his Senior Cambridge degree in 1956 from La Martiniere College, Lucknow, B.A in 1966 from Agra University and M.A. (English) in 1974 from Kanpur University. He was the Headmaster at Laidlaw Memorial School, Ketti, Nilgiri from 1980-81. He was appointed Principal of Laidlaw Memorial School, Ketti, Nilgiri in 1981 and continued in office till 2011.

Mr. W.R. Gardner was the CEO of Maharaja International School, Erode, from 2011-2013. His avid interest in games is proved by the fact that he was President of Nilgiri District Cricket Association from 1980 to 2013 and Vice President of Tamilnadu Cricket Association in 1992. Mr. W.R. Gardner was President of the All-India Anglo Indian Assocaition, Ooty Branch, from 1988 to 2011. He was a Council Member from 1989 to 1993 and also from 2005 to 2011. He was also in the Council Executing Committee from 2005 to 2011.

The Debate was judged by Mrs. A. Mayer, Ms. Ruth Isaac and Mr. W.R. Gardner.

The Topic was thought provoking – ***"The Uttarakhand Disaster Could Have Been Averted"***. In June 2013 a severe cloudburst in our beautiful state, Uttarakhand, caused devastating floods and landslides in the hills and around Kedarnath. We are aware of the massive destruction caused and the large number of lives lost. We need to learn from this colossal calamity and revise the concept of development in the hills. The topic of the debate was especially relevant as it will help guide young minds who will become tomorrow's administrators.

We at St. Jude's are by way of Project Vidya (which is named after a Thaddeusian who succumbed to cancer on 3rd August 2013) in the process of adopting a village that we will continue to help. The roads to the hills are now open for a short period of time. Winter is almost here and many families are in need of our support and help.

The Schools that participated in the Debate were as follows:-

English Elocution

– Senior School

Eloquence is the art of articulating one's thought quintessentially.

St. Jude's School has a long tradition of instilling in its students the requisite skills needed to pen and orate their thoughts so as to emerge as a confident orator.

The English Elocution competition for year 2013 was held on 20th September.

We had just witnessed the extravagant presentation and oration of Middle School the Senior School was no less. This year's theme for the students was ***'Famous Speeches'***. This year in the individual category famous speeches of Pandi Jawahar Lal Nehru to Indira Gandhi were delivered in such a manner that the judges, audience and Madam Gardner were impressed. But one of the participants, Arpit Pandey of Class X, grabbed everyone's attention through his self-written speech which gave his views about Narendra Modi; a candidate for election for the Prime Minster in 2014.

The Group category followed and was equally wonderful; the participants bettered their presentation by way of hand gestures, props and costumes.

A day filled with poetry and elocution of speeches – what more can anyone ask for?

Teachers' Day

Mrs. V.R. Gardner (Principal) being welcomed for the celebrations of Teachers' Day.

When life wanted to bless us it gave us a teacher, an ultimate gift of God. A teacher is a visionary, a seer, he is profound and one who affects the eternity and whose influence never stops.

These traditions of respecting and obeying teachers are deep rooted in India. The Birth Anniversary of Dr. Sarvapali Radhakrishnan, one of our former Presidents, is celebrated as Teachers' Day. It is observed throughout India to

PLANETARY FEEDBACKS

The planet currently absorbs half our CO_2 emissions. All the signs are it won't for much longer. Only half of all CO_2 we pump into the atmosphere stays there. The rest is absorbed by the land and oceans. But as the world warms, they will be able to take up less. Eventually, they will begin to emit CO_2.

ISC Farewell

Batch of 2014

You and I, when our days are done, must say without exactly saying it GOODBYE

Farewell is not really a goodbye, no, it just means take care of yourself until we meet again – this makes farewells worth bearing and worth saying. Anticipation makes it sweeter, the hope that tomorrow will be better than today and that dreams will soon mould themselves in this real plane.

On December the 16, 2013 came the day to say Adieu to batch of 2014. At 10:30 a.m. the Jonty Multipurpose Auditorium of St. Jude's School was vibrating with emotions, excitement and cheerfulness. The programme organized under the able guidance of Ms. Michelle Gardner, Vice Principal of St. Jude's School was about to begin. The theme this year was **"I will create a better World"**.

The programme began with the welcome song by students of Class XI. It was followed by the contest for the selection of the Princess. All the girls of Class XII first walked down the ramp; out of these 11 girls were selected for next round. In the next round six were eliminated and five fairy looking girls made for the final round. In this round of beauty with brain gave a tough time to the judges. The answers these young beauties gave to the questions asked to them made the competition more exciting and tough and Juhi Chaurasia answered gracefully and wisely and was crowned the Princess. 1st Runner-up Vidhisa Verma and Isha Goha was the 2nd Runner-up.

Welcome dance by Class XI students.

The procedure for the young gentlemen was the same and once again the judges had to go through the difficult task because it appeared as if all the young gentlemen have just come straight from heaven carrying all the grace of arc angels. Vardaan Ahluwalia was declared the Prince and Vikas Thapa the 1st Runner-up, and Sherwin Xavier the 2nd Runner-up. The judges took a sigh of relief as this went came to an end.

Special titles were awarded to a few worthy students who stood on account of their phenomenal qualities and left an everlasting impression.

They say good time flies away too soon. This was proved on 16th December 2013. It seemed that the party had just started when it was seen students crying, weeping, hugging, taking blessing from teachers, making promises and walking out of the school gate to return one day as true human beings and honourable citizens of Mother India.

आज़ादी के पर

एक थी लड़की बड़ी सयानी,
नाम था उसका बिटिया रानी।
ना खेलती थी वह ना पढ़ती थी,
बस माँ का हाथ बटाँती थी।
बड़ों की बात वह सदा मानती थी,
इसलिए तो हर किसी को लुभाती थी।
एक दिन अपने भाई को देखकर,
अपने मन और बालों को झंझोरकर,
सोच में पड़ गई वह इतनी गहरी,
कि रहा नहीं गया उससे, न वह ठहरी।
अपनी माँ से पूछ लिया कि कब जाऊँगी मैं भी स्कूल,
कब याद करूँगी पाठ, ना किया करूँगी भूल।
माँ बिटिया पर क्रोधित होकर बोली,
अब ना बन तू इतनी भोली।
नही जाएगी तू कभी स्कूल,
आईंदा यह पूछने की ना करना तू भूल।।
माँ ने उसको फिर बुलाकर उधर,
कहा, अब जाएगी तू पिया के घर,
वहाँ जाकर भी तो काम संभालना है,
तो फिर स्कूल क्या करने जाना है?
बिटिया ने यह बात सुनकर,
आँसू बहाए अपने छुप-छुपकर,
अगले दिन वह नहीं मिली अपने घर,
ठान ली थी उसने भी कि उसे चाहिए आज़ादी के पर।

SJS 2013-14

The Election of 2014

The country, whose people know when to vote, is great whereas the countries whose people don't know are sure to perish.

Our country was tested on this ground for the new government. The nine-stages polling programme, stretching for more than thirty days had a record voting turnout this time. The people looked fearless, mature and determined to do their bit in this festival of democracy. For a better turnout, the cinema halls, parks, offices and every possible communications services were shut. The youth, in particular came in large numbers to vote and contributed their share. The youth looked politically mature and knew what was good for them.

"None Of The Above" (NOTA) button was used for the first time in India. If the candidates enlisted were not liked or eligible for duty, voters could press the NOTA button for showing non-approval of candidates. The Election Commission strongly believes that the feature will strengthen the democracy. Some parties criticized the feature because they thought it will not make a "clear majority" hence hamper democracy.

The election campaign for this election had been the most rigorous and extensive and on a very huge scale. With more than 5800 rallies, Narendra Modi has created a world record. His 3D rallies have been a tremendous success. Besides that, Social platforms for campaigning *"Chai pe Charcha"* an initiative by BJP were supported by ten lakh peoples all across the country.

There was a negative side of elections where the code of conduct, mannerism and vocal freedom were violated. Personal remarks, comments, satirical comments on each other's party members greatly shattered the very roots of democracy in India. Though the Election Commission kept warning the leaders, the leaders didn't stop.

In all, the elections were quite a heated phase with violence breaking out in Maoist affected areas. However, the Indians voted and voted maturely for the right government.

Say No To Drugs

Drug use can harm your ability to remember things, to think clearly, and to study properly.

Drug use gives you the impression that you are more alert and aware but under the influence of drugs you are actually less aware and less alert.

Drug use can also cause people to act in strange and unpredictable way. A person can undergo a complete personality change under the influence of drugs.

Since drug residues can remain in the body for many years after they were taken, the effect on the mind can last a long time.

Don't lose your mind, "Avoid Drugs".

Drugs use seems a cool idea in the beginning but it can turn into a living nightmare, that includes accidents, hospitalization, a life of crime, a criminal record hurting those you love, destroy relationship, a prison sentence or death.

Drug users often lose their enthusiasm for life, sports, hobbies etc. Their habit of taking drugs definitely gives them a new lifestyle but it is a lifestyle of a sad loser with no prospects.

Drug addicts when craving their next fix often do not care about anything other than the immediate high demand. All other considerations, every aspect of a normal human behaviour are ignored in this compulsion.

Everyone has hopes and dreams for the future but for addicts those hopes and dreams only focus down to where the next scare is coming from.

Hopes and dreams for the future? Nothing but only despair which soon becomes nightmare for addicts!

Drugs are for the losers.

Balladium IrRaidium

It had been over many years,
Since the Goddess, I did defeat,
With the powers of my ageless teacher,
And a team of warriors elite.
    My team but fell to the test of time,
    And was taken away from me,
    And so I lived with the ageless one,
    On an isle upon the sea.
One night, as I lay dreaming,
Of my long departed team,
I felt a sudden, abrupt fear,
And shattered got my dream.
    My eyes shot open from their sleep,
    Once I felt a heavenly essence,
    And saw the walls, which began to glow,
    From the light of another's presence.
Fearing that the fiendish Goddess,
Had somehow returned once more,
I ran the steps to my teacher's room,
And slammed open the door.
    Greeted by her guise unknown,
    Who, in the purest gold was clad,
    I flew to my startled teacher's side,
    With speed I knew I never had.
She did not move, not by an inch,
With a gentle smile she stood,
At the radiant maiden for sometime,
Only stand and stare, I could.
    The fairest creature I ever saw,
    Was embellished with a heavenly crown,
    And shone with the light of purest gold,
    Her divine and radiant gown
"Yield, oh spawn of evil!
Oh, source of all my grief!"
I yelled before I felt a hand,
On my arm, for a moment brief.
    I turned to see my ageless teacher,
    My surprise I could not hide,
    On seeing his open, trembling jaw,
    And eyes awakened wide.
With an ounce of shock and fear,
My teacher's hand I saw,
As he reached to touch her face,
Himself being struck with awe.
    "Oh Clara, is that really you?"
    In the voice of a vehement Deer,
    My teacher asked the divine mainden,
    As it slowly occurred to me.
Clara was my teacher's love,
Who long ago was slain,
And left behind a distant shadow,
Who never did love again.
    I knew those times he spoke of her,
    With a heart of pure despair,
    But now his eyes were illumined again,
    And I smiled at a sight so rare.
"yes, I am," the maiden said,
In a voice so soft and low,
As she smiled and took his hand,
Which began to faintly glow.
    "I have come to take you back,
    To the heaven, alongside me,"
    She said, and turned to where I stood,
    In her eyes, a silent plea.
I smiled and nodded to the spirit,
In an answer without a voice,
And my teacher, for the very first time,
Shed tears of pure rejoice.
    Her light did brighten, as did her eyes,
    Where I saw her elation stir,
    Before she turned to the ageless one,
    Who glimmered along with her.
As they looked in each other's eyes,
Where their love was burning bright,
They began to glow and scintillate,
    I had to cover both my eyes,
    From the illumination that could blind,
    Which, in the wake of its descent,
    Left a barren house behind
I bowed to my sacred Lord that night,
For he let my teacher free,
For my teacher finally found the one,
With who he yearned to be.
    Sometimes I feel their gaze on me,
    While I look to the sky for hours,
    And smile in the silence of the night,
    Into a night of a thousand stars.

MH-370 – The Malaysia Airlines Flight

INCIDENT SUMMARY

Date	:	8 March 2014
Summary	:	Missing
Site	:	Southern Indian Ocean (presumed)
Passenger	:	227
Crew	:	12
Aircraft Type	:	Boeing 777-200FR
Operator	:	Malaysia Airlines
Registration	:	9M MRO
Flight Origin	:	Kualalampur International Airport
Destination	:	Beijing Capital International Airport

Malaysia Airlines Flight 370 was a scheduled international passenger flight from Kuala Lumpur to Beijing that lost contact with air traffic control on 8 March, 2014 at 1:20 MYT less than an hour after takeoff at 7:24, Malaysia Airlines (MAS) reported the flight missing. The aircraft, a Boeing 777-200ER, was carrying 12 Malaysian crew members and 227 passengers from 14 nations. A multinational search and rescue effort, later reported as the largest in history, began in the Gulf of Thailand and the South China Sea. Within a few days, the search was extended to the Strait of Malacca and Andaman Sea.

On 15th March, based on military radar data and radio "pings" between the aircraft and an Inmarsat Satellite, investigators concluded that the aircraft had headed west across the Malay Peninsula, then combined on a northern or southern track for approximately seven hours. The search in the South China Sea was abandoned. Three days later, the Australian Maritime Safety Authority began searching the southern part of the Indian Ocean.

On the 24th of March the Malaysian Government confirmed two independently made analyses by the British Air Accidents Investigation Branch (AAIB) and Inmarsat, and concluded "beyond any reasonable doubt" that the aircraft had gone down in the southern part of the Indian Ocean with no survivors. Earlier search areas were abandoned and all search efforts are being concentrated on the Australian led area. There has been no confirmation of any flight debris and no crash site has been found.

Don't Read This!

"People do not lack strength, they lack the will." It is a fact that addiction to crime or liquor has led many a family to ruin. It's human tendency to try what is forbidden. You are also reading this despite being told not to do so. But, some people easily give in to intoxicating beverages. They consume liquor, drugs and smoke *hookas* and cigarettes which are very harmful for our health. These substances might weed out our depression for a short time, but prove fatal in the long run as these addresses the symptoms, not the cause. They promise the Moon and charge the Earth. This whirpool is consuming not only adults but also students.

It's high time a decision is taken to prevent the fates of the masses from being sealed. It is of paramount importance that the public should be educated on the evils of excessive drinking. The glamour and macho illusions depicted in advertisement should be countered.

You, as an individual, can also help in this cause. If you see any addict, help him and encourage him to leave it. In the end, thanks for reading this article with great seriousness. But I know the reason!!! It was all because of my innovative title….

Morning in My Doon

It was the first morning of my post Board examination vacations. I awoke to the dots of sunshine dancing across my room through the lace of the curtains. When I stepped out of my door, into the veranda, the soothing sensation of the breath of the Earth encircled me. The white, snow covered range of the Queen of the Hills, Mussoorie, stretched behind my view of hoardings, tree canopies and the distant arches of Engineer's Enclave. The tiny dew drops along the edges of the colourful petals of the blossoms of my garden glittered in all shades of the visible spectrum. The view was so enchanting that I would not resist to explore further more my beautiful Doon Valley.

Ten minutes later I was strolling through the wide streets of Vasant Vihar lined all along with sky touching buildings. Yet, there was a time when tall, thick deciduous trees guarded its edges. A silver Honda City went zooming past me causing the flocks of pigeons that were feeding on Bajra to scatter in several directions. Few boys and girls were cycling with earphones plugged in their ears. Wondered how scientific and mechanical human life had become and my little Doon Valley too had become the victim of changing time. It was spring time but this year the winter cool had not yet been wiped off. The cool breeze shook the leaves.

The huge entrance gate of the Forest Research Institute stood in front of me casting its shadow on the wide road and next to it, a tree with scarred brown black trunk, embraced hardly by a fragile creeper, spread its boughs providing shade to the clusters of white weeds and green algae that grew underneath. In the background I could hear the faint sound of the siren of the garbage collection van. The words were *"Doon Valley Ko Swach Rakhne Mein Hamara Sahyog Karen, Dhanyawad"*. The tree bore beautiful crimson flowers and little green buds and among its branches, there was well concealed, a small nest of hay in which a baby bird sat with its beak fully open and just then its mamma came fluttering her wings and put a piece of food into her young one's little mouth as if dropping it directly into its little stomach.

The scene was so mesmerizing that I was compelled to capture this beauty of nature on my mobile phone.

A sweeper was at work on the street. Nearby there was a huge fenced park.

The western lane surrounding the park was the local market area. To add to the commotion created by the customers moving up and down the lane the whole day, the vendors shouted at the peak of their voices giving each of their product a fancy name to attract customers. They'd call their fruits "Raja's Pasand", "Bombay Ki Paani Puri", "Native of Manali" and so on.

The loud sound of the whistle of the pressure cooker buzzed off as I passed a little tea and breakfast street stall wherein the preparations for serving the hungry passers by for the whole day were on. In the farther eastern corner of the huge park, yoga classes and laughter club was at its peak. Old and young all were busy stretching their limbs. A newspaper vendor was at work there, throwing with full force a bundle of newspaper in each house and ringing the electric bell and waiting until a voice from inside the house came, "Thankyou Bhayia" before moving to the next.

Next, I decided to stroll near the tea gardens. This are still has the look, calmness and serenity of the old ear. The crisp aroma of the fresh new little leaves and buds brought into my spirit a new happiness. Two white butterflies flew around a little white blossom. This view made me feel really blessed as the common belief is that white butterflies are angles in disguise.

I felt something extraordinary in the air that day. Perhaps because for months, being busy with my schedule, I hadn't had time to relax and enjoy the world around me. The stillness of the morning enabled me to enjoy many things which passed by me during the bustle of the day. We all owe a lot to Mother Nature who has nurtured mankind since forever and we need to appreciate God's benevolence with which he gave us this life.

My Magdalene

Walking on a road on a breezy Sunshiny day
I saw someone who looked divine
A wonderful masterpiece of God, I thought
So beautiful that when she laughed, the world looked great
When she talked, the bells did ring step by step through the city streets
I tiptoed alongwith her,
Not to alarm her, that a person strolled
She turned left and then turned right
My heart raced to a fight
Suddenly! She turned and looked at me
It felt like eternity
She smiled and approached me and then walked away
I forgot to make a reply
Indicating that I felt shy
Poor Chap! I said to myself
I was literally cursing myself
Next day I reached the same lane
Waiting for my Magdalene
Then I heard a procession
Loud and clear going for cremation
I saw the face of death
I turned around and fainted
My Magdalene had departed
The love of my love was separated
When I gained my senses
I ran to the burial place
I ran to the body which was not there
I took the ash and rubbed it on to my hair
It felt as if my own self had died and left me in a state of fright.

The Position of Women in India

The Constitution of India is the Magna for the women of India. For them, the centuries of slavery are over. Indian womanhood is one on the march. They are coming into their own. Today women enjoy equal status with men.

In Vedic times women occupied the highest place in society. They were given all opportunities to develop themselves, socially, intellectually and morally. They could choose their own partners of life, according to their own wishes. They wre given thorough education, including military training but in the Middle Ages, she felt from her pedestal. Her position became inferior. She began to regarded as a plaything of man, a decoration of the drawing room and a slave of man's passions and a dumb-driven cattle. She lived behind the purdah, and had no rights to education and property. However the woman in free India enjoys perfect equality with man. She is no longer a slave. She is no longer at the mercy of man. She has a voice in shaping the destiny of the nation.

We have women in free India in different roles as administrations, ambassador, governors, doctors, teachers, officers and even in defence services. They are proving to be good administrators. They are cool-headed and dispassionate. They have on their side brains, beauty and personality. They are sweet, soft and peace-loving. Today she has the right to vote. In any election women comprise 49 percent of the country. There are women legislators and women ministers. The Hindu Succession Act has given to sisters the right to property along with their brothers. The Hindu Marriage Act has given them to right of divorce. Our constitution has done away all distinctions based on religion, race or sex. She is entitled to hold any post that a man can. She can become a Deputy Commissioner, an IAS or an IPS Officer. Even the army is no longer the monopoly of man. There are women pilots.

Today a woman's future is as bright as her past has been dark. Women have shown their worth as leaders and administrators, and time is not far off, when India will have at the helm of affairs from strength to strength. In the future, she may lead men as Joan of Arc led the French soldiers against the enemies of France.
